**PARENTS/STUDENTS/CHAPERONES:** Be sure to **read ALL information in your packet** (downloaded from the CHSTV website) prior to your trip. Students should be familiar with where the forms are on their phones. They should also be aware of when and where their contest is and be familiar with the schedule of events. Each student will receive a call from his or her chaperones. Parents, please write down your chaperone's name and cell phone number. STUDENTS NEED TO PUT INTO THEIR CELL PHONES THEIR CHAPERONES PHONE NUMBERS.

**WHAT TO PACK:** In addition to the suggested packing list, please bring comfortable and appropriate clothes and walking shoes for duration of STN and one dressy outfit for closing ceremonies. Please **DO NOT** wear your CHSTV/VMSTV shirts until instructed to at STN. Electronics (laptops, camera, and cell phones, with chargers) **must be labeled with both the students name and school.** CHSTV cannot be responsible for valuable items brought on the trip.

**BRINGING HOMEWORK-** It is expected that students will bring their homework. To avoid carrying heavy books, photocopy the pages you need.

**CASH FOR THE CONVENTION:** \$250.00 should be enough for the four days for the meals that won't be provided. You might want to bring a little extra money to purchase shirts etc. from the STN convention store. Thursday, Friday, and Saturday we will provide a continental breakfast. Thursday, Crazy 8 Day, we will also provide lunch. **Please talk to your student about budgeting** (money goes fast especially if they buy Starbuck's/Coffee Bean which we discourage.)

In the event that your child becomes ill at convention we ask that you make arrangements with us to have them picked up ASAP.

**PICK UP: We will be returning to CHS SAN DIEGO on Sunday, March 17<sup>th</sup> around 2:00pm.**  
**Please be prompt picking up your student!**

Watch the action from home as many events: Opening Ceremony etc. will be live streamed!

## EXPECTATIONS FOR TIMED CONTESTS WITH PROMPTS

### INTENT & SPIRIT

All contest categories during the STN Challenge and Convention are considered timed contests with prompts. The intent of these contests is to mimic a real-life situation where a reporter team or film crew is given an assignment and a specific period of time to complete the assignment. The spirit of these contests is to present a level starting point for all to discover the true challenge of creative work under pressure.

### WHAT YOU **MAY DO** IN ADVANCE

- Practice your pre-production... assign positions, prepare checklists, design a game plan
- Research the geographic area... locally get to know your city and environment, so you know some good locations to shoot. Note landmarks, special sites, etc.
- For convention contests, review maps of the area and study some of the locations within the area of the convention hotel. Note landmarks, special sites, etc.
- Research the city history and background. Learn as much as you can about the convention city so your knowledge can be put to use when you get the prompt
- Research the community leaders so you know key names

### WHAT YOU **MAY NOT DO** IN ADVANCE

- Identify or contact specific people to interview
- Schedule interviews or reserve locations
- Write any copy, plan a script, or storyboard in advance
- Pre-shoot any audio or video footage. Still photography is allowed.

### WHAT THE **JUDGES** LOOK FOR

- Evidence of strong production skills despite the tight time constraints
- Creative interpretations of the prompt with strong supporting production elements
- Writing, scripting, and/or reporting that makes a clear connection to the prompt
- Audio and visuals that show an effort to reflect the theme of the prompt

- Teams will plan and produce content for their contests as soon as the prompt is revealed, however, editing **MUST NOT** begin until editors enter the Edit Room at your specified editing time. The Contest Team will check for clean timelines before editing begins.
- **Advisers and chaperones ARE NOT allowed to assist in any during the general contests.** They should be hands-off and let the students compete fairly.
- Students registered for a contest are considered the production leads. However, the remaining students with your school are allowed to provide limited assistance during the contests. Please refer to the [Contest Fairness Statement](#) for more details on allowable primary and secondary roles for students.
- Teams competing in a broadcast category **MUST** report as a correspondent for Student Television Network, using a variation of the sign-off "For Student Television Network, I am [insert first & last name] reporting."
- It is highly recommended that teams remain within the [STN Contest Map](#), however, no penalties will be enforced for going outside of the map. Teams must only travel outside of the contest map with prior approval from their adviser and with adult supervision. Schools assume all risk and liability for going outside of the designated contest map.
- **Teams must download any special effects, graphics and music they need for editing before they enter the Edit Room.** Students will not be allowed to leave the Edit Room to download files or retrieve assets from their team.
- Editors will report to the Supervised Edit Room at their designated edit time shown on the [Contest Schedule](#) to set up their stations and begin editing.
- **Only the two (2) editors from the registered contest team will be allowed to enter the Supervised Edit Room and must be wearing their wristbands.** Wristbands should be worn securely and without evidence of tears, cuts, or adhesive materials. Editors can not be changed once those selected have entered the Edit Room.
- When the entry is completed, teams will upload at Upload Island in the Edit Room using the unique password provided on their Convention invoice. **Advisers should provide passwords to their students before they begin their contests.**

# WHAT TO EXPECT IN THE SUPERVISED EDIT ROOM

- Supervised editing only applies to general contests, and not to Crazy 8's contests.
- Food is **NOT** allowed in the Supervised Edit Room. Students are allowed to bring in water in a closed-top container or bottle. If a student needs to bring in food due to a medical condition, accommodations will be made for them. Please contact [shonda@studenttelevision.com](mailto:shonda@studenttelevision.com) to create an accommodation plan prior to the convention.
- Editors should use the restroom before entering the Edit Room. Breaks will be limited. Students will leave their badge and phone at the Contest Desk in order to re-enter.
- Students will not be allowed in the Edit Room prior to the scheduled edit time. At that time, you must be wearing the appropriate contest wristband to enter and can go in to set up your equipment to begin editing.
- Editors must have their wristbands securely around their wrists before they will be allowed to enter the Edit Room. Students are **NOT** allowed to change wristbands once inside.
- The Supervised Edit Room is required for all general contests, unless otherwise specified on the [Contest Schedule](#). Editors must report no later than 15 minutes after their scheduled edit time. After 15 minutes, teams will receive a point deduction on their entry.
- Any audio recordings needed for an entry should be recorded and transferred to the computer prior to entering the Edit Room. Teams are responsible for bringing in their own recording devices, such as microphones and audio recorders. However, cell phones can not be used inside the Edit Room, including using one as a recording device. **Please plan accordingly!**
- Use of cell phones is not allowed in the Edit Room. You will be asked to turn it off and put it away, just like you were taking a test! If a student needs their phone due to a medical condition, accommodations will be made for them. Please contact [shonda@studenttelevision.com](mailto:shonda@studenttelevision.com) to create an accommodation plan prior to the convention.
- All contest assets, including video, audio, and graphics **MAY** be loaded into a folder onto the teams computers before entering the Edit Room. However, the editing timeline must be clean when editors enter the Edit Room. A Contest Team Lead may disqualify an entry if there is any evidence of cheating. Their decision is final.
- Editing apps must be installed **PRIOR** to entering the Edit Room and can only be used without the internet. Students using Adobe apps will have restricted low bandwidth internet access for software authentication only. No other Wi-Fi will be provided and personal hotspots will **NOT** be allowed in the Edit Room. **Please be prepared!**
